Results-driven Frontend Developer with **3.5+ years of experience** specializing in **React.js, Redux, Next.js, and modern UI frameworks**. Proficient in **building scalable, high-performance web applications**, optimizing **state management**, and creating **responsive, pixel-perfect UIs** with **Tailwind CSS, Bootstrap, and Material-UI**. Strong understanding of **Node.js, Express.js, and API integrations**, enabling seamless frontend-backend communication. Experienced in **Git-based version control, and collaborative development**, with a track record of **enhancing user engagement by 15%**. Passionate about **performance optimization, problem-solving, and leveraging cutting-edge technologies** to drive innovation.

Experience

APRIL 2023 – NOVEMBER 2024

Frontend Developer | AvalonTribe Infotech | Rajasthan

- Led the development of a new project from scratch, utilizing React.js, Redux Saga, and optimized state management for seamless performance.
- Implemented Tailwind CSS in 4+ projects, reducing development time by 30% and ensuring a consistent, responsive design.
- Designed and developed an intuitive Admin Panel, improving user management efficiency by 40% through enhanced UI/UX.
- Built and integrated RESTful APIs using Node.js, Express.js, and MongoDB, ensuring smooth frontend-backend communication.
- Optimized code collaboration and version control by utilizing Git, reducing deployment errors by 20% and improving team productivity.

SEPTEMBER 2022 – MARCH 2023

UI Developer | National Informatic Centre (Payroll - Velocis Systems) | Chandigarh

- Developed and optimized multiple web applications, ensuring high performance and seamless user experience.
- Analyzed and implemented web-based interaction requirements, designing a highly responsive UI for cross-device compatibility.
- Revamped the entire frontend of a government project from scratch, improving performance, accessibility, and maintainability.
- Engineered high-quality, scalable code using React.js, enhancing application efficiency and reducing load times.

- Increased user engagement by 15% by implementing a dynamic interactive dashboard, improving usability and data visualization.

APRIL 2022 – JUNE 2022

Frontend Developer | OrangeMantra Pvt. Ltd. | Gurugram

- Contributed to multiple web development projects, delivering feature enhancements and performance optimizations to align with client and business objectives.
- Redesigned and enhanced the OrangeMantra official website, implementing new features and UI/UX improvements that boosted usability and engagement.
- Frontend development on 3+ projects, leveraging Git for version control, ensuring 100% code integrity, and streamlining team collaboration across all development stages.
- Optimized website performance and responsiveness, reducing page load times by 30% and improving user retention.

APRIL 2021 – APRIL 2022

Web Developer | Magic Software (Payroll - Stratosphere IT Services) | Noida

- Engineered and delivered high-quality, scalable web applications, aligning with user expectations and business objectives, ensuring a 30% improvement in performance.
- Designed and developed highly responsive, accessible user interfaces, optimizing cross-device compatibility and engagement, leading to a 20% increase in user satisfaction.
- Streamlined collaboration and code versioning by utilizing SVN Tortoise, reducing deployment errors by 25% and ensuring efficient project management.
- Proactively mastered React.js, transitioning from traditional development to modern component-based architecture, enhancing application maintainability and scalability.

Skills

Frontend Development • React.js • Next.js • State Management • Redux Toolkit • HTML/CSS • Javascript • Tailwind • Bootstrap • Material UI • Node.js • MongoDB • GIT/Github • Responsive Design • Postman • MySQL • Software Development • API Integration • JIRA/Confluence • Figma Design Conversion • Java • DSA • GSAP • Framer Motion • JEST • CI/CD Pipeline • SEO Optimization • Agile Methodology • Prompt Engineering • Docker

Education

AUGUST 2022 – DECEMBER 2024

Masters of Technology: Computer Science

Deenbandhu Chhotu Ram University Of Science And Technology | Haryana, Sonapat

AUGUST 2016 – DECEMBER 2020

Bachelors of Technology: Computer Science

Deenbandhu Chhotu Ram University Of Science And Technology | Haryana, Sonipat

Certifications

- Java Development, BrainMentors Pvt Ltd Apr 2020
- User Interface Development, BrainMentors Pvt Ltd. Feb 2021
- MERN Stack Development, BrainMentors Pvt Ltd. Mar 2022
- Japanese Language Proficiency - N5, The Japan Foundation Dec 2024
